SUCCESS HIGHLIGHTS

- 200% increase in revenue in 12 months
- 47 Page 1 rankings (Google, Yahoo, Bing and local maps)
- Went from 15 employees to over 30 employees
- Averages 120-150 leads per month
- 20-30% close rate and average 24-40 new clients per month

KEYWORDS

Want proof? Go ahead and search these terms: water damage repair Maine, tile cleaning Maine, mold removal Maine, water damage service Maine!

www.MaineCleaningServices.com

OCTAGON CLEANING AND RESTORATION is an IIRC Certified firm of indoor air quality experts specializing in mold remediation, air duct cleaning, and water damage restoration in Maine and New Hampshire. They help both residential and commercial customers clean up when disaster strikes, and improve indoor air quality with our remediation, restoration, and preventative services.

THE PLAN:

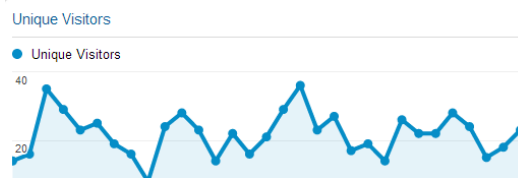

Get more exposure to their website and increase traffic and leads., then follow up with a redesign to take them even higher.

THE RESULTS:

Considerable business growth, increased visibility and customer base in a highly competitive market. Octagon has seen significant growth in their business.

WHY THEY LOVE PME 360:

“We hired Ryan and his team a few years back to help us get more exposure online. They took our old website and completely revamped it and within a few short months we were consistently generating 30+ leads per month online with premium positioning for highly competitive keywords on the first page of Google organic. We continue to grow our business with Ryan’s online marketing systems, and just did another redesign with Ryan and his team to help us take that next jump.”
